I thought that the instructor was obviously knowledgeable and passionate about the subject matter. He communicated clearly and iterated well the connection of ideas throughout the course. His notes and lectures were very well organized and had an interesting, logical flow. I very much enjoyed this course.

I really enjoyed your course, I found the monte carlo style quizzes to be a bit annoying. I rather have had structured daily quizzes.

Overall this course was a lot better than I expected from the start. The daily reading can be annoying at times, but definitely nothing any college student could not handle. ~~Thank~~ Thank you also for keeping the notes online. You made ~~a~~ slightly unappealing course content definitely more enjoyable.

I really liked that you uploaded your notes online in case I missed a lecture. Also, really creative with the Alice business, keeps me up to date on my reading for the most part.

His confidence clearly grew over the semester has he seemed more comfortable addressing our class. He ~~was~~ was always prepared and appeared very knowledgeable about the course content. Great man and would make a great professor one day. It is clear that he has alot of respect for his students and genuinely cares about their thoughts and opinions. I was surprised how, even when questioned on what he was discussing, he listened and always responded politely to his students. You may continue comments on the other side. He acknowledged everyone's ideas and I really appreciated that.
